645—328.2(148C) Continuing education requirements.

328.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on October 1 of each year and ending on September 30 two years later. Each biennium, each person who is licensed to practice as a licensee in this state shall be required to complete a minimum of 100 hours of continuing education approved by the board. The 2001 renewal cycle will extend from July 1, 2001, to September 30, 2003.

328.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 100 hours of continuing education per biennium for each subsequent license renewal.

328.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

328.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

328.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

645—328.3(148C,272C) Standards.

328.3(1) General criteria. A continuing education activity which meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

328.3(2) Specific criteria. Continuing education hours of credit may be obtained by:

- a. Category I continuing education that shall relate to the practice of medicine and surgery, osteopathic medicine and surgery or osteopathy, and has been approved by the American Academy of Physician Assistants, American Academy of Family Physicians, American Osteopathic Association, or those organizations accredited by the Accreditation Council on Continuing Medical Education (ACCME), which includes the American Medical Association. The program's publicity will specify the accrediting organization(s) and the number of approved Category I hours.
- b. Category II continuing education that is acquired on an hour-for-hour basis by participating in professional or medical educational activities that have not been approved for a specific number of Category I hours. Category II continuing education is approved for Category II credit by the American Academy of Physician Assistants.
- c. Completing a minimum requirement of 40 hours which shall be earned in Category I and Category II.
- d. Continuing education that is in lieu of Category I and Category II. The board shall accept a current certificate of continuing education from the American Academy of Physician Assistants, the National Commission on the Certification of Physician Assistants or a successor agency and will consider approval of other programs as they are developed.

645—328.4(148C,272C) Audit of continuing education report. After each educational biennium, the board may audit licensees to review compliance with continuing education requirements.

328.4(1) The board may audit a percentage of its licensees and may, at its discretion, determine to audit a licensee. A licensee whose license renewal application is submitted during the grace period may be subject to a continuing education audit.

328.4(2) The licensee shall provide the following information to the board for auditing purposes:

- a. Date and location of course, course title, course description, course outline, course schedule, names and qualifications of instructors/speakers and method of presentation; or a program brochure which includes all the information required in this rule;
- b. Number of contact hours for program attended; and
- c. Individual certificate of completion issued to the licensee or evidence of successful completion of the course from the course sponsor.

328.4(3) For auditing purposes, all licensees must retain the information identified in subrule 328.4(2) for two years after the biennium has ended.

328.4(4) Information identified in subrule 328.4(2) must be submitted within one month after the date of notification of the audit. Extension of time may be granted on an individual basis.

328.4(5) If the submitted materials are incomplete or unsatisfactory, the licensee may be given the opportunity to submit make-up credit to cover the deficit found through the audit if the board determines that the deficiency was the result of good-faith conduct on the part of the licensee. The deadline for receipt of the documentation for this make-up credit is 120 days from the date of mailing to the address of record at the board office.

328.4(6) Failure to notify the board of a current mailing address will not absolve the licensee from the audit requirement, and an audit must be completed before license renewal.

645—328.5(148C,272C) Automatic exemption. A licensee shall be exempt from the continuing education requirement during the license biennium when that person:

1. Served honorably on active duty in the military service; or
2. Resided in another state or district having continuing education requirements for the profession and met all requirements of that state or district for practice therein; or
3. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or
4. Was absent from the state but engaged in active practice under circumstances which are approved by the board.

645—328.6(148C,272C) Continuing education exemption for disability or illness. A licensee who has had a physical or mental disability or illness during the license period may apply for an exemption. An exemption provides for an extension of time or exemption from some or all of the continuing education requirements. An applicant shall submit a completed application form approved by the board for an exemption. The application form is available upon request from the board office. The application requires the signature of a licensed health care professional who can attest to the existence of a disability or illness during the license period. If the application is from a licensee who is the primary caregiver for a relative who is ill or disabled and needs care from that primary caregiver, the physician shall verify the licensee's status as the primary caregiver. A licensee who applies for an exemption shall be notified of the decision regarding the application. A licensee who obtains approval shall retain a copy of the exemption to be presented to the board upon request.

328.6(1) A licensee requesting an extension or exemption shall submit a request on a form approved by the board that sets forth the reasons for the request and has been signed by the licensee and the attending physician.

328.6(2) The board may grant an extension of time to fulfill the continuing education requirement.

328.6(3) The board may grant an exemption from the continuing education requirement for any period of time not to exceed two calendar years. If the physical or mental disability or illness for which an extension or exemption was granted continues beyond the period initially approved by the board, the licensee must reapply for a continuance of the extension or exemption.

328.6(4) The board may, as a condition of any extension or exemption granted, require the licensee to make up a portion of the continuing education requirement in the manner determined by the board.

645—328.7(148C,272C) Grounds for disciplinary action. The board may take formal disciplinary action on the following grounds:

328.7(1) Failure to cooperate with a board audit.
